| HOW TO MANAGE COOKIES FROM YOUR BROWSER | |
|---|---|
| Delete cookies from your device | Cookies that are already on a device can be deleted by clearing the browser history, thus deleting the cookies from all websites visited. However, some of the saved information (e.g. login data or website preferences) may also be lost. |
| Manage site specific cookies | For more precise control of site specific cookies, users can adjust their privacy settings and cookies in their browser. |
| Blocking cookies | While most modern browsers can be configured to prevent cookies from being installed on a device, this may require the manual adjustment of certain preferences each time a site or page is visited. In addition, some services and features may not work properly (for example, profile logins). |
